This application is in condition for allowance except for the following formal matters:

On page 8, line 10 of the specification "for" should be changed to --from--.

In claim 45 the material within the parenthesis should be deleted, as only the measurements in inches are required.

Since all independent claims are considered to be generic all of claims 1-48 are allowable over the art of record.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

The following is an examiner's statement of reasons for allowance: The prior art of record does not show a wire mesh belt that requires no connecting rods having a hanger portion that engages a hinge portion wherein the hinge portion has a first section disposed at an angle relative to the hanger portion and a second section disposed at an angle 180 degrees relative to the first section.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Cited are various types of wire mesh belts.
